Provision for the maintenance of through roads within the Town municipal limits of Bangalore

Memo dated 11/2/1882

W D 1250—GPB—30,000 - 28-1-19

To

The Dewan of Mysore

There has hitherto been an annual grant from the P. W. Budget, to the Municipality for the maintenance of the through roads in Bangalore called Suburban roads. For 1881-82, a grant of Rs 9650 was made to the Municipality in April 1881, but it was subsequently considered proper to relieve the Mysore State of the cost of maintenance of the roads within the Civil and Military limits. The Resident accordingly sanctioned a sum of Rs 2675 (Proportionate share), thus reducing the amount to be paid by the Mysore State from Rs 9650 to 6975 - As a matter of convenience, the repair of these roads outside Military limits was undertaken by the Municipal Engineer, and this arrangement still continues. It will be seen from Asst Resident's letter No 1902/700 dated 10th November 1881, in accompanying file, that it is not intended to charge the Mysore

State, a certain percentage (not yet fixed) of the cost of work carried out by the Municipa- 10
-lity, on account of establish-
ment. It appears to me that this additional esc-
-penditure might be avoided by the transfer of the roads outside the Military limits, to the Petta Municipality and Executive Engineer Bau-
-galore Division. There are now 30 miles of these roads, of which 7½ miles lie within Military limits, 11½ miles within Petta limits, and 11 miles outside the limits of both these Municipalities.

The President Petta Muni-
-cipality seems to think the present arrangement ob-
-jectionable, so far as the management of the roads within his Municipality is concerned, and applies for the transfer of the same with the proportionate share of grant - Vide his letter No 734 in file.

I beg to recommend that the transfers proposed should have effect from 1st April 1882.

14/3/82 1507 C.H. Dr. Heusinger

A plan of the suburban roads is sent herewith clearly showing the boundaries of the 2 municipalities as at present fixed. Mr Ricketts states that there is some probability of a slight change in those of the Setta Municipality. Such a change would only affect the proportion of the grants to be given to Municipalities
